- c. To facilitate the development of public and private facilities; and
- d. To bring about a general physical improvement in the area by coordinated public improvements.

B. LAND USE PLAN

1. Permitted Land Use

Only the use categories shown on the Land Use Plan Map, Exhibit No. 1, shall be permitted within the project area. These are Residential, Community Business, Community Commercial, and Public.

In addition certain uses, for the most part mixed uses, will be permitted to continue subject to the provisions governing non-conforming and non-complying uses set forth below.

a. Residential and Community Business

Residential and Community Business uses permitted shall be those permitted by the Zoning [Ordinance] Code of Baltimore City. On the East Side of the 2300 block of Pennsylvania Avenue, and on the East Side of the 2400 block of Pennsylvania Avenue, the unenclosed display of merchandise for sale to the public is allowed, during the hours of 7 A.M to 7 P.M. A minor privilege permit is required to display merchandise on the public right-of-way. Displays on the public right-of-way must preserve 6 feet of clear width in order to maintain continuous pedestrian access and accessibility by disabled persons.

b. Community Commercial

Community Commercial uses shall be limited to contractor and construction shops and offices, and plumbing, heating and electrical equipment showrooms and shops. Community Commercial uses for the parcel known as 1201 W. North Avenue, a property zoned or to be zoned B-3 Community Commercial, located within the 1200 W. North Avenue Business District, which Business District is further specified in Appendix B hereof, shall also include: (i) “Restaurants, drive-in”, with drive-through windows, if approved by the Mayor and City Council pursuant to Article 30, Sections 6.3-1.d.3 and 11.0-6.d, Baltimore City Code (1983 Replacement Volume, as amended); (ii) “Outdoor table service where accessory to a restaurant use”, if approved by the Baltimore City Board of Municipal and Zoning Appeals pursuant to Article 30, Sections 6.3-1.c. and 6-2-1.c.4b, Baltimore City Code (1983 Replacement Volume, as amended); and (iii), notwithstanding any other provision of this Plan to the contrary, restaurant signage as generally permitted for B-3 zoning districts by Article 30, Baltimore City Code (1983 Replacement Volume, as amended), Sections 10.0-1 and 10.0-3.

c. Public

In the area designated Public on the Land Use Plan Map, uses shall be limited to parks, playgrounds, plazas, and malls; active and passive recreation; schools and related educational facilities; neighborhood centers; public offices; libraries; fire houses; parking; other public facilities.

d. Non-Conforming Uses

A non-conforming use is any lawfully existing use of a building or other structure, or of land which does not conform to the applicable use regulations of the district in which it is located according to Article 30 of the Baltimore City Code (1983 Replacement Volume, as amended), titled “Zoning”. Non-conforming uses shall be permitted to continue, subject to the provisions of Chapter 8 of said Article 30, titled “Non-Conformance”.

e. Non-Complying

A non-complying use, as set forth in Chapter 8 of Article 30 of the Baltimore City Code (1983 Replacement Volume, as amended), titled “Zoning”, is any lawfully existing structure which does

not comply with the bulk regulations of the zoning district in which it is located. These non-complying uses shall be permitted to continue, subject to the provisions of said Chapter 8. In addition, a non-complying use – when such term is used herein – is any lawfully existing use of a building or other structure, or of land, which does not comply with the land use regulations of this Plan. These non-complying uses shall be permitted to continue for an indefinite period of time, except that:

- (1) any non-complying land use which is discontinued for a period exceeding twelve (12) months shall not be re-established;
- (2) no change in the permanent physical members of a structure, such as bearing walls, columns, beams, or girders, or no substantial change in the roof or in the exterior walls shall be made in or to a building or structure except those required by law or except to make the building and use thereof conform to the regulations of this Plan; and
- (3) no non-complying land use shall be changed to any other non-complying land use.

2. Regulations, Controls and Restrictions

a. Provisions Applicable to All Land and Property to be Acquired

The following regulations, controls, and restrictions will be implemented where applicable by covenants, or other provisions in the agreements for land disposition and instruments of conveyance executed pursuant thereto:

(1) General Provisions

- (a) No buildings, structure, or parking area shall be constructed over an easement within the Project Area without the prior consent of the Commissioner of the Department of Housing and Community Development and the Director of Public Works.
- (b) No materials shall be stored or permitted to remain outside buildings. No waste material, refuse, or garbage shall be permitted to remain outside buildings except as permitted by the Baltimore City regulations regarding containers for garbage; the areas for such containers shall be properly screened from adjacent properties and public streets and alleys.
- (c) All land not covered by structures, paved parking, loading or related service areas; paved areas for pedestrian circulation, or decorative surface treatments shall be provided with landscape treatment. Landscape treatment encompasses the planting of any, all or a combination of the following: trees, shrubs, ground cover, grass, flowers. The amount of landscape treatment should be determined by the nature of the development and should serve to improve the utility of the site, enhance building design, and soften and relieve the environmental and visual impact of the development. All screening and landscaping shall be maintained in good condition.
- (d) Exterior ventilation equipment or any mechanical equipment placed outside of a building, including on the roof, shall be effectively screened.

- (e) No sign shall extend above the roof line or parapet wall of the building to which it is attached; no sign shall project more than 12 inches from the building to which it is attached. No free-standing signs shall be permitted.

No animated or pulsating signs shall be permitted. The total area of exterior signs for each building shall not exceed in gross area one (1) foot times the street frontage, in feet, of the building except that signs not exceeding six (6) square feet in area erected for the purpose of directing motorists to the entrance or exit points of off-street parking areas shall be permitted when attached to a fence, screening wall or building wall and shall not be included in the total area calculated for exterior signs.

(2) Off-Street Parking Requirements

Parking spaces and effective screening from public streets and adjacent properties shall be provided according to the requirements as established by the Zoning Ordinance of Baltimore City, or in such lesser amount as may be authorized by the Commissioner of the Department of Housing and Community Development and the Board of Municipal and Zoning Appeals as a Special Exception or Variance.

(3) Redeveloper's Obligations

The redeveloper shall not enter into, execute, or be a party to any covenant, agreement, lease, deed, assignment, conveyance, or any other written instrument which restricts the sale, lease, use or occupancy of the property, or any part thereof or any improvements placed thereon, upon the basis of national origin, race, religion, sex or color. Such agreement or covenant providing for this nondiscrimination provision shall be included in the instruments and the City of Baltimore shall be deemed a beneficiary of such covenants and shall be entitled to enforce it. The Redeveloper shall comply with all State and local laws, in effect from time to time, prohibiting discrimination or segregation.

b. Provisions Applicable to All Land and Property Not to be Acquired

(1) General Provisions

The provisions of Section B.1. (Permitted Uses) above shall apply to all properties not to be acquired within the project area. The provisions of Section B.2.a. shall apply as appropriate to properties currently proposed to be acquired by this Plan if the owners thereof acquire adjacent project land made available under the provisions of this Plan.

(2) Review of Plans for New Construction, Exterior Rehabilitation, or Change in Use

All plans for new construction (including parking lots), exterior rehabilitation, or change in use on any property not to be acquired under the provisions of this Plan shall be submitted to the Department of Housing and Community Development for review. Only upon finding that the proposed plans are consistent with the objectives of the urban renewal plan, shall the Commissioner of the Department of Housing and Community Development authorize the

processing of the plans for issuance of a building permit. The provisions of this section are in addition to and not in lieu of all other applicable laws and ordinances relating to new construction.

(3) Demolition

All applications for Demolition permits shall be submitted to the Department of Housing and Community Development for review and approval. Upon finding that the proposed demolition is consistent with the objectives of the urban renewal plan, the Commissioner of the Department of Housing and Community shall authorize the issuance of the necessary permit. If the Commissioner finds that the proposal is inconsistent with the objectives of this urban renewal plan and therefore denies the issuance of the permit, he shall, within 90 days of such denial, seek approval of the Board of Estimates to acquire for and on behalf of the Mayor and City Council of Baltimore, the property, in whole or in part, on which said demolition was to have occurred, by purchase, lease, condemnation, gift or other legal means for the renovation, rehabilitation and disposition thereof. In the event that the Board of Estimates does not authorize the acquisition, the Commissioner shall, without delay, issue the demolition permit.

C. TECHNIQUES USED TO ACHIEVE PLAN OBJECTIVES

1. Acquisition

a. Purpose for Acquiring Properties Within the Project Area

Properties designated for acquisition on the Property Acquisition Map, Exhibit 2, will be acquired by purchase or by condemnation either for clearance and redevelopment, for rehabilitation, or for public facilities.

b. Conditions Under Which Properties Not Designated for Acquisition May Be Acquired

(1) Non-Salvable and Non-Compliance with Provisions

It may be necessary to acquire by purchase or by condemnation for urban renewal purposes the fee simple interest or any lesser interest in and to such of the remaining properties or portions thereof in Druid Heights not specifically designated for acquisition on the Property Acquisition Map, Exhibit 2, as may be deemed necessary and proper by the Commissioner of the Department of Housing and Community Development to effect the proper implementation of the project. This may include:

- (a) Any property in the Project Area containing a non-salvable structure, i.e. a structure which in the opinion of the Commissioner of the Department of Housing and Community Development cannot be economically rehabilitated.
- (b) Any property the owner of which is unable or unwilling to comply or conform to the codes and ordinances of Baltimore City within 12 months from the date of written notice of the required improvements, the Department of Housing and Community Development, after due consideration that the property owner has failed to achieve substantial conformity with the codes and ordinances of Baltimore City may acquire such property pursuant to the

Eminent Domain Law of this State as if the property had originally been planned for acquisition after 90 days written notice to the owner. The Department of Housing and Community Development reserves the right to acquire any such non-complying property for a period of two (2) years from the date of said written 90 days notice by the Department of Housing and Community Development.

(2) Rehabilitation by the Department of Housing and Community Development or others

It may be necessary to acquire by purchase or condemnation the fee simple interest, or any lesser interest in and to such of the remaining properties not specifically designated for acquisition on the Property Acquisition Map in order to carry out rehabilitation by the Department of Housing and Community Development or for resale.

These properties are being acquired because:

- (a) It is necessary to make residential structures available for use for low- and moderate-income families; and
- (b) rehabilitation on a structure-by-structure basis is in-feasible, and assemblage of a group of properties is required to carry out the objectives set forth in this Plan; or
- (c) rehabilitation of individual, scattered properties is necessary in order to remove blighting influences from otherwise sound residential blocks.

c. Actions to be Followed by the Department of Housing and Community Development Upon Acquisition of Properties

Upon the acquisition of properties, the Department of Housing and Community Development will either:

- (1) Demolish the structure or structures thereon and dispose of the land for redevelopment for uses in accordance with this Plan; or
- (2) Sell or lease the property subject to rehabilitation in conformance with the codes and ordinances of Baltimore City; or
- (3) Rehabilitate the property in conformance with the codes and ordinances of Baltimore City and dispose of property in accordance with applicable regulations. If sale cannot be consummated by the time rehabilitation is accomplished, property may be rented pending continuing sale efforts.

d. Duration of Acquisition Authority

The authority to acquire the properties within the project area is expressly confirmed and reauthorized through and including December 31, 2022.

2. Rehabilitation

Property rehabilitation shall comply with the codes and ordinances of the City of Baltimore. Over and above the codes and ordinances of Baltimore City, cleaning of masonry facades by means of

sandblasting shall not be permitted, except where sandblasting is determined by the Commissioner of the Department of Housing and Community Development to be the only feasible means of surface cleaning and where, in the Commissioner's opinion, it will not cause damage to historic building materials.

Appendix B of this Plan contains special rehabilitation standards which are to be applied to the 1200 W. North Avenue Business District.

3. Relocation

- a. The Department of Housing and Community Development assures that before individuals or families are displaced from their dwelling units due to the requirements of this Plan, standard housing within the displacees' financial means shall be provided. Residents living within the Project Area, if displaced through the requirements of this Plan, shall be given a priority by the Department of Housing and Community Development to any housing within the Project Area over which the Department has direct control.
- b. The Department of Housing and Community Development assures that before firms or individual businesses are displaced from their present location of operation due to the requirements of this Plan, standard commercial structures within the displacees' financial means, in or near the Project Area shall be identified. Businesses displaced because of the requirements of this Plan shall be given favorable consideration, but not necessarily priority, by the Department of Housing and Community Development in the review of commercial redevelopment proposals.

4. Review of Development

a. Department of Housing and Community Development Review

(1) Land to be Acquired and Disposed of

The Department of Housing and Community Development specifically reserves the right to review and approve the Redeveloper's plans and specifications for development or rehabilitation with respect to their conformance with the provisions of the Renewal Plan and in order to achieve harmonious development of the Project Area. The Department also reserves the right to refuse to approve any drawings, plans or specifications that are not suitable or desirable, in its opinion, for aesthetic or functional reasons; and in so passing upon such drawings, plans and specifications, it shall have the right to take into consideration, but shall not be limited to, the suitability of the site plan, architectural treatment, building plans, elevations, materials and color, construction details, access, parking, loading, landscaping, identification signs, exterior lighting, refuse collection details, streets, sidewalks, and the harmony of the plans with the surrounding.

The Department of Housing and Community Development will fully utilize its Design Advisory Panel to work with developers in the achievement of high quality site, building, and land design.

(2) Land Not to be Acquired

Under the provisions of Section B.2.b., the Department of Housing and Community Development has the right to review all plans for new construction, exterior rehabilitation, change in use or demolition on any property not to be acquired.

b. Community Review

The Department of Housing and Community Development may submit to the Druid Action Association, or its successor or its assignee, for its review and comment, the form and content of all proposals to redevelop land to be disposed of and the Preliminary and proposed Final Construction Plans for each disposition lot designated in this Plan. The Commissioner of the Department of Housing and Community Development may also, at his discretion, submit to the above named Committee, or its successor or its assignee, for its review and comment, the plans for development or rehabilitation on any property not to be acquired. The Druid Action Association, or its successor or its assignee, shall advise the Department of Housing and Community Development of its recommendations regarding the acceptability and/or priority of all plans and proposals. The written comments shall be transmitted to the Department of Housing and Community Development no later than 3 weeks after the proposals and/or plans have been submitted to the Druid Action Association, or its successor or its assignee; otherwise, it is presumed that the proposals and/or plans are acceptable. The Commissioner of the Department of Housing and Community Development retains final authority to approve or disapprove all plans and to grant or withhold development priorities, disposing of redevelopment land through procedures established by the Department of Housing and Community Development.

5. Land Disposition

- a. Land and property interests acquired by the Mayor and City Council within the Project Area will be disposed of by sale, lease, conveyance, or transfer or other means available to the City, in accordance with the Land Disposition Map, Exhibit 3.
- b. The parcels shown on the Exhibit are schematic and approximate. The Department of Housing and Community Development shall have the right, in its discretion, to fix their precise boundaries and size. For purposes of disposition, the parcels, or lots, as shown on Exhibit 3 may be subdivided or combined.

6. Zoning

All appropriate provisions of the Zoning Ordinance of Baltimore City shall apply to properties in Druid Heights. Any change in the Zoning Ordinance embodied in this Urban Renewal Plan, and Designated on Exhibit 4, Zoning Districts, shall be approved by ordinance in accordance with the procedural requirements of the Zoning Ordinance and Article 66-B of the Annotated Code of Maryland (1957 Edition, as amended).

D. DURATION OF PROVISIONS AND REQUIREMENTS

The Druid Heights Renewal Plan, as amended from time to time, is in full force and effect through and including December 31, 2022.

E. PROCEDURES FOR CHANGES IN APPROVED PLAN

The Department of Housing and Community Development shall submit to the Druid Action Association, or its successor, for its review and comments all proposed amendments to the urban renewal plan no later than at the time the proposed amendments are submitted to the Director of the Department of Planning by the Department of Housing and Community Development. The written comments and recommendations from this review shall be submitted to the Department of Housing and Community Development no later than 3 weeks after they have been submitted to the Druid Action Association, or its successor; other wise, it is presumed the proposed changes are satisfactory. Prior to passage of any ordinance amending the urban renewal plan, a public hearing shall be held. The Druid Action Association, or its successor, shall receive, at least ten days prior to such hearing, written notice of the time and place of such hearing. With respect to any land in the Project Area previously disposed of by the City for use in accordance with the urban renewal plan, the then owner of such land whose interests therein are materially affected by such changes shall receive at least ten days prior to such hearing written notice of the time and place of such hearing and information as to where a copy of the proposed amendments may be inspected.

F. SEPARABILITY

In the event it be judicially determined that any word, phrase, clause, sentence, paragraph, section or part in or of this Plan, or the application thereof to any person or circumstances is invalid, the remaining provisions and the application of such provisions to other persons or circumstances shall not be affected thereby, it being hereby declared that the remaining provisions of the Plan without the word, phrase, clause, sentence, paragraph, section or part, or the application thereof, so held invalid would have been adopted and approved.
